

Choose Life Maine ... it matters

Help us qualify a pro-life license plate in Maine. In Maine we have license plates for birds, ducks, fish, moose, lobster, bears, horses, dogs & cats but none for the unborn baby. Now we can help save the unborn babies. Once qualified and on the road our license plate will help improve the culture of life in Maine and provide an ongoing source of funds for Maine's Pregnancy Support Centers.

To qualify a CLM license plate in Maine, CLM must first obtain 2,000 prepaid orders. The initial order is \$25.00. Once we have 2,000 orders, CLM submits an application with all names & money to the Secretary of State who in turn prepares a bill for the legislature. If the Legislature and the Governor approve, the State will provide you with a voucher redeemable for a CLM license plate at your local Bureau of Motor Vehicles office. If the legislation fails your money will be refunded by CLM.

What is the potential benefit to the Pregnancy Support Centers?

The State will allocate \$10 from the annual renewal fees for each CLM specialty license plate to CLM. That's \$20,000 (2,000 x \$10) annually that will be allocated 100% to the Pregnancy Support Centers identified in the annual Maine Right to Life Resource Directory from CLM. The more license plates in circulation, the more money the centers will receive. The potential depends on pro-life support. A lot of support = a greater return. Limited support = a limited return. It's up to you.
